

# Curriculum Vitae

## Chuhan Sun

School of Mathematical Sciences, Zhejiang University

School of Science, Westlake University

Email: [sunchuhan@westlake.edu.cn](mailto:sunchuhan@westlake.edu.cn)

Homepage: <https://sun-chuhan.github.io>

## Education

### B.S. in Mathematics

Jilin University, China, 2016–2020

### Ph.D. in Mathematics

Zhejiang University and Westlake University, China, 2020–Present

Ph.D. Thesis: *Fractional integration associated with multi-parameter dilation*, 2025. Advisor: Zipeng Wang.

## Research Interests

My research interest is classical Harmonic Analysis. Recently, I am working on some topics about fractional integral operators.

## Publications and Preprints

- *On the end-point of Stein–Weiss inequality*, joint with Z. Wang, The Journal of Geometric Analysis, published online, 2026.
- *Multi-parameter fractional integration on Heisenberg group*, joint with Z. Wang, preprint, 2025.
- *Stein–Weiss inequality revisited on Heisenberg group*, joint with Z. Wang, preprint, 2025.
- *Theta-bump theorem for fractional integrals on Heisenberg group*, joint with Y. Han and Z. Wang.
- *Strong maximal function revisit on Heisenberg group*, preprint, 2025.
- *Triebel–Lizorkin spaces in Dunkl setting*, joint with Z. Wang, 2024.

## Teaching Experience

**Linear Algebra**, Teaching Assistant, August 2024–January 2025

**Complex Analysis**, Teaching Assistant, February 2025–June 2025
